

# LATCHAM NEWS

A true friend is someone who thinks you are a good egg, even though he knows you are slightly cracked. -Bernard Meltzer

## Editor's note:

This month's newsletter will be longer than others. Since it's online it doesn't cost us any more to print up. If there's anything you like to see in these pages let me know via the club's email. No promises.

## What is your executive up to?

Pres. Rita and Stanley

Executive Meeting a la Zoom. Still hard at work-doing God knows what.

## President's Message

My two daughters and myself have reversed our family roles. They have become "mother" during COVID-19 self isolation. They use their tablets to check in with me, so we can at least see and talk to each other. Then I get the questions; how are you? How are you really, don't just say o.k. Did you go for a walk today, what did you have to eat? I'm sure this goes on with many of our

members and we're very grateful for family and friends checking in with us.

Members making masks are sewing 80 for staff at Food Basics and we're also delivering some to Operation Scugog, our local food bank. If you can donate food to Operation Scugog please do, their cupboards are pretty bare.

Latcham Centre is now closed until further notice, but Port Perry Seniors Club is still operational, albeit at a very limited function. If we can help you (without putting any of us in harms way) send an email to [portpsc101@gmail.com](mailto:portpsc101@gmail.com). Keep safe, keep healthy, keep your sense of humour.

**Executives in photo order:**

**2nd Veep Shirley** suggests: Read, Google, TV, solitaire, phone friends, carve, dream of ice cream & munchies.

**Secretary Cheryl**- organizing her files- naturally.

**Past Pres. Catherine**- dying to get her hands on new granddaughter! (what a cutie!)

**1st Veep Carole**- Don't listen to everything you hear! My hubby told me he read to stick your mail in the microwave for a few seconds to disinfect it! Didn't know our new credit card (lost the last one in Portugal) was folded up inside! MW caught on fire (oh yes, a brand new microwave). Luckily only the card was damaged in the making this photo.

**Member at Large Rita**- Finally refinishing old garage sale table-hope no bugs land while it's sticky!

Members Rita H and Mary H modelling the PPSC home made cotton masks. If you, a member, wishes a cotton face mask please email [portpsc101@gmail.com](mailto:portpsc101@gmail.com) and we will arrange a time and place for pick up. Please keep your requests to one per person. N.B. please wash your mask before wearing.

**Try a podcast:** go to your app icon on your phone or tablet and tap on the magnifying glass. Type in CBC Listen. Download the app. Then just choose the podcasts you want to try. I like *Quirks and Quarks*, it's a weekly science show for grownups. I also like *Under the Influence*, which is about advertising (sounds boring but it isn't). The show *Ontario Today* has a Monday gardening segment! Podcasts are really just like listening to the radio only on **your** schedule.

There are podcasts for anything you're interested in. Just go online and type in 'podcasts true crime, or baking or fashioner Canadian history' you never know what you'll get.

**Enjoy Ebooks, Anytime, Anywhere From Your Phone, Laptop, or Tablet**

Scugog Memorial Public Library is proud to offer you best-selling and classic ebooks and audiobooks, available 24/7 through the library's free app, Libby. With hundreds of popular titles to choose from, this digital collection is sure to have something for everyone. You can browse the collection, borrow ebooks and audiobooks with your library card, and enjoy them on your laptop, tablet, or smartphone. To get started with free ebooks, audiobooks and more, follow these instructions and download the Libby app today.

**If you have an iPad or iPhone (Apple):**

- Open the App Store on your device, tap on the search button and then search for the "Libby" app. When you have found the app, tap "Get" and enter your Apple ID if asked for it. Once the Libby app is installed on your device the Libby icon (pictured above) will appear on your home screen. Open the Libby app and follow the instructions on your screen to create your account using a Scugog Library card.

**If you have an Samsung or Google (Android):**

- Open the Google Play Store on your device, tap on the search button and then search for the "Libby" app. When you have found the app, tap "Install" and enter your Google account password if asked for it. Once the Libby app is installed on your device the Libby icon (pictured above) will appear on your home screen. Open the Libby app and follow the instructions on your screen to create your account using a Scugog Library card.

**If you have a Windows 10 Computer**

- Open the Microsoft Store on your computer, click on the search button and then search for the "Libby" app. When you have found the app, click "Get" and enter your Microsoft account password if asked for it. Once the Libby app is installed on your computer the Libby icon (pictured above) will appear in your Start Menu under "L". Open the Libby app and follow the instructions on your screen to create your account using a Scugog Library card.

Once you are signed into the Libby app, browse or search for an available book title you might enjoy. "Borrow" the book for two weeks, and then download it to your device. Tap "Open" if you would like to start reading. When you are done reading or would like to take a break, simply close the Libby app and it will remember where you left off. You can see all the books you have downloaded by tapping on "Shelf" to view your "Loans". After two weeks the book will automatically check-in to the library so there are never any late fees.

Happy Reading!!

The above plug for the library is from our buddy Kyle!

### Bits and Pieces:

#### Things on hold-

1. All trips. President Rita has been contacting the tripsters to return their money. Theatres are shut down, and this doesn't seem like a good time to get 54 seniors on a bus.
2. Teddies for Tragedies. You can continue knitting! But we won't be picking up or delivering for a while.
3. Club elections. When the club can safely open, we'll be on it.
4. Waterfront Committee Meetings

### Bright side!

The lug-a-mug went very well at our last meeting (whenever that was).

Remember- you can sanitize from the inside out- I'm thinking wine, rum, beer...

You're saving money on manicures/ pedicures/haircuts/Tim's coffees.

At this point we are taking the lead from the federal government via the province via the region via the town. Not sure if this is the bright side...
