Tech Talk

Join Kyle on Zoom- Cutting tech costs. TBA

TECH WITH KYLE #3
Cutting the Cable

Bring your questions about Netflix, Crave, Disney Plus and other on-demand services. Bring questions about wifi providers, bundles, cell phone plans, and ways to cut costs on cable subscriptions.

What: Tech Session 2
When: TBA

Where: ZOOM Meeting

If you have not signed up for Zoom, and need help, contact us at portps101@gmail.com

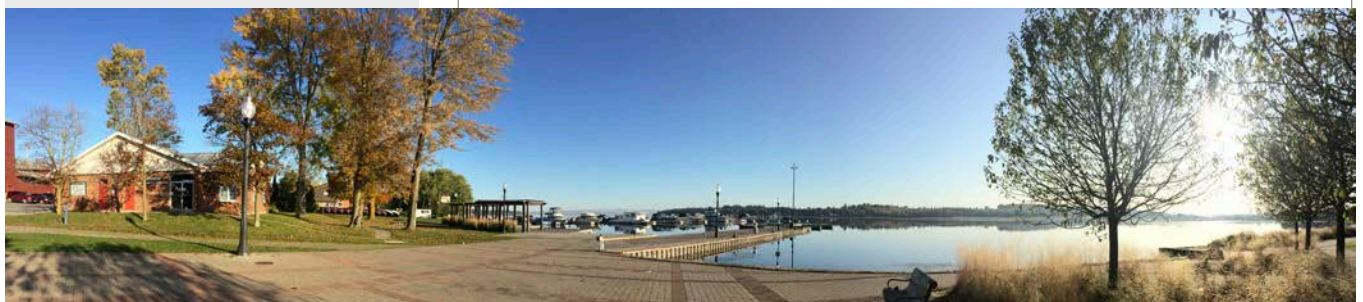

June 2019. Club trip to the Buddhist Monastery in Bethany.

President's Message

A great big, big thank-you to Cheryl Hill who has worked diligently to get a lot of us our second Covid needle moved up. I, along with many others, have now been double vaccinated. Yahoo!

The Club started a new group called the Latcham Gardeners. I'm happy to report that nine members have signed up to make the gardens around the Latcham Centre something to be proud of in the near future. The revitalization of the gardens that will be done over the next couple of months is only the beginning. The PPSC will now be in charge of keeping the gardens weeded and

Using our super-duper random name picking app, seen above!

Congratulations to Jane Vollick and Angela Wakeford- each winners of a signed copy of Ready to Come About.

"If I'm going to die, I want it to be while doing something I love."

watered. We have been given the go ahead by the Township to begin. The Township is helping by giving us a couple of the younger generation to remove bushes and trees from the gardens and also will supply us with compost and mulch. We could use a couple of male members to help, as our club volunteers are all female, hint, hint. The Pine Ridge Garden Club was a great help in reviewing what is already in the gardens and suggesting what and where plants should be moved and which plants need to be trimmed. They also gave us ideas of plants we may want to consider buying and did an awesome layout of the gardens for the future. All were approved by the Township. Your executive is also investigating how we can get membership/activity sheets to our membership using the virtual capacity that we have. Stay tuned for future information on this.

Rita Hiker, President

Notes on our grant monies

Our Federal Grant enables us to hire people to give presentations, workshops and classes in assorted venues. We can establish a new activity for interested members such as our Gardening Group. Our grant monies have also allowed us to mail monthly newsletters to those members that are not on the internet. Federal Grant = a win win for Port Perry Seniors Club Members.

2019 Trip to the Blue Jays Game

Join us on June 29th for the next presentation in our Speaker Series- with Jill Hamilton.

“All about Falls; Why, When and What if I Do?”

Jill Hamilton
On ZOOM!
Tuesday, June 29th, 2021 @ 10 am

Jill Hamilton is a Lifeline Community Representative, supporting healthcare professionals and community groups to help as many people as possible live safely and securely in their homes. Jill is also a senior who lives in Durham Region.

CRAFTERS

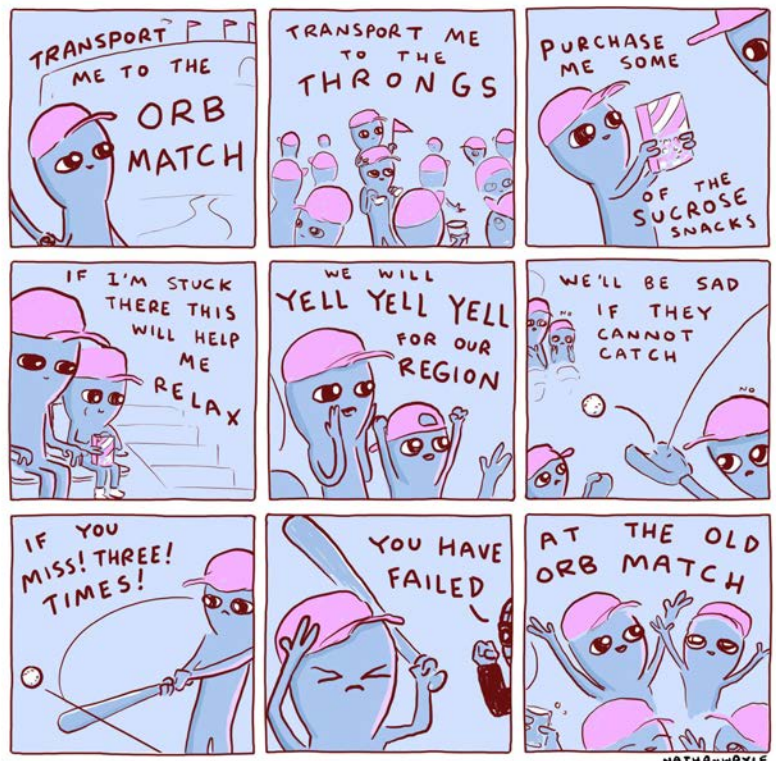

If you have items that you've knitted/ crocheted for the LINH or to help other organizations please email portpsc101@gmail.com. I will arrange a time and place that we can meet in order for you to turn over your items. I will need your name, phone number and address in the email you send the club.

Many many thanks for thinking of others and doing something to help those in need.

If you're interested in a foam block for yoga- or whatever, Rita B. has some. Email the club and we will arrange a 'hands free' pickup.

portpsc101@gmail.com

Exec Notes:

The executive has been meeting with Kyle to polish our skills in using Mailchimp to send out our newsletters and announcements to you. Since Mailchimp is often 'updating' it's app- we need refreshers. Now we are working on a restructuring of our registration and activity forms, and planning to make them accessible on our website. We want to be ready for a possible September opening. We feel that having members register on line and pay with a bank transfer will help keep crowds out of the hall and office areas. Also we may be able to start registration earlier and again avoid crowds.

TECH

Here are some tech sites that may be of interest to you.

1. Google introduces new privacy settings:
