

LATCHAM NEWS

Before you marry a person, you should make them use a computer with slow internet service to see who they really are.

Renewal

It is that time of year for renewal. Not really a new beginning as we have been here before. The sunny days warm us while the cool evenings remind us it is not summer yet. Garden centres are busy, lawns are raked and flower pots filled. Some of the activities at the Latcham Centre take a break until fall and others carry on. We have some new members of the executive that join the current ones and I thank the outgoing members for their service. I look forward to serving the club in my new role as president. We also have a great group of volunteers that run activities and help plan events. I will enjoy working with all of you to keep the club a hub of activities as it has been over the years. I anticipate a great fall season (but let's enjoy summer first!)

President's Message

Will I miss being president aka Boss Lady? Of course I will. I've been in that position longer than anyone should, but Covid disrupted all of our lives! I've made friendships with the exec members who have been on the executive with me over the past 8 years. We became a close knit group especially through Covid

Our new Executive Members: John Boustead, Pres., Denise Tierney, Secretary, and Pat Chamberlain, 1st V.P

Local historian Paul Arculus, with member Susan. Paul's talk was fabulous! We hope to have him back next year.

when we all learned to communicate using zoom, emails and phones. **THANK YOU** to the executive members, without you we couldn't have accomplished all that we did. Thank-you to our activity leaders, kitchen and garden volunteers, members who step up and set things up for general meetings and pot luck meals and thanks to those that help when asked.

Another thanks to the volunteers who secure guest speakers for our monthly general meetings and also to the member who seeks out entertainment for our monthly pot luck meals. We have another volunteer who looks after getting members, who are not on computers or smart phones, information regarding the club. And a big thanks to our newsletter editor who, when members can't attend meetings, lets our membership know what's happening in PPSC. **It takes a lot of volunteers to run the club and their help is really appreciated. THANK YOU!!!!**

My take on the Club: members are the body of the club, volunteer leaders and helpers are the backbone of the club and the volunteer executive members are the heart of the Club.

I'm looking forward to working with President-elect John and other newly elected exec members. They may bring us new fresh ideas.

I am, as of June 28th, the past president. A role I'm looking forward to. I have let Pres. John know that I will take on the membership chair. I worked on this committee when I was President and to fill both positions and to do them well is very difficult.

See you in September. **Have a wonderful summer.**
Almost Past President Rita

Please note the picture of the Blue Jays at Rogers Stadium. We are planning a trip there - please sign up in the office so we can see how many people are interested, before we can price it accurately! This trip will be partially sponsored due to the generous donation from Margaret Fraser's family!

There is also a sign up sheet for a two day trip to Stratford! We have some options here, so read your options carefully. This will be expensive; the last time we went, in May of 2019, it cost \$499. Just sayin'. It was a terrific trip though, like a mini-vacation!

6th Annual Hike for Hospice

Here are some of our members and their families who supported our local hospice in its Annual Hike.

Left are VP Carole and hubby Dave. We think she's showing us the printing on the back of her shirt, but you never know with Carole.

And below are Yvonne Priebe and her daughter Joelle Hill.

You too can help support the hospice! Just log on to <https://www.oakridgeshospice.com> and donate.
