August. Most of the regular activities start up again in the next few weeks, with the full schedule running by October.

When I was young I always thought the summer was ending when the CNE started up. Now it is centred about our gardening. We have setup our first garden since moving here. Tilling, planting, weeding, and now harvesting. From soups to salads, there is something rewarding about reaping the benefits of the work we enjoyed throughout the spring and summer. We did not have a huge garden but we enjoyed a variety of vegetables including garlic, tomatoes, and squash. We learned that squash gets it's own area next year so it doesn't take over!

Now is the time for everyone to register for the new year. It is the spring season for the club. Sign up for that activity you have not tried yet. Better still, volunteer for one of the committees. They are the backbone of our activities and events at the club. We will all benefit with many great events throughout the year.

See you at the club!

Thanks to the Gord's for keeping things cooking at our annual barbecue!

Curbside Giveaway Day is a pilot project event organized in cooperation with the local municipalities, where residents in participating municipalities place unwanted items in good condition—clearly marked FREE—on their curb for anyone to pick up. This is a great opportunity to declutter and find a new home for your unwanted items, while also picking up something you may want or need for free. At the end of the Giveaway Day, residents return unclaimed items to their home. Please ensure items whether new or used, are safe and meet current regulatory requirements. It is important to only place items that are in good condition. Damaged items should be discarded. The Region is not responsible for quality of items placed out for the Curbside Giveaway Day.

When is the Curbside Giveaway?

Saturday, September 16.

7 a.m. to 7 p.m

(Rain date)

Saturday, September 23

7 a.m. to 7 p.m.
